## AccountManager Mobile/App

Spend more time selling with our new AccountManager™ App for iOS/Android and AccountManager Mobile for the iPad®. AccountManager Mobile/App means less time spent on administrative functions by empowering you to quickly and easily view, create, and update key sales pipeline data.

Spending time after hours to update your opportunities and activities is a thing of the past. AccountManager Mobile/App lets you work on the fly so you never fall behind. The AccountManager App is now available for you to download on Apple's App Store and the Google Play Store.

### AccountManager Mobile/App will help you:

- Meet each of your principal manufacturers' unique and complex demands with key account information directly at your fingertips.
- Create custom layouts for each principal so just the most important information for each line is visible.
- Manage and find more opportunities more efficiently whenever, and wherever it's convenient for you.
- Stay on top of your unique, critical action items with the best pre-built solution designed with the specific needs of a Manufacturer's Rep, and Manufacturers who use Reps, in mind.
- View your sales data right on your device.
- Easily make updates on the fly with powerful voice to text capabilities.
- Supports iOS and Android phones and tablets.
